KAPOK

1. [] has used Geist since August 1947 to make occasional local personality investigations similar to the police and neighborhood checks conducted through the [] Project. Since such investigations are more conveniently and already adequately covered by the [] Project, it is recommended that this contact be discontinued entirely.
2. Geist, who knows [] as [], was introduced by the latter to [] early in January 1948 but only two or three meetings have taken place between them. He has been met only in an operational area or in the American Red Cross Club.
3. The letterbox (Weinhalle Kancani, Kenyongasse 29, Vienna VII) arranged by Geist has been used for several operations in the past and will be discontinued.
4. Geist has been reimbursed for actual operational expenses which seldom amounted to more than 100 schillings a month. In addition he was given occasional food packages, depending upon the number of investigations performed.
5. [] will submit an agent service record as soon as the contact is terminated.
